

C-0005
CONDUCT AIRCREW SAFETY BRIEFING

CONDITIONS

You are the Mission Safety Officer at a mission base preparing a safety briefing for aircrew.

OBJECTIVE

Prepare a safety briefing for use by the Air Operations Branch Director in briefing aircrews.

TRAINING AND EVALUATION

Training Outline

1. Taxiing and other airport safety factors should be included in this briefing. These were probably also included in the taxi plans. Other factors such as current or forecast adverse weather conditions should also be included in the briefing.
2. You may need to help remind crews of proper crew rest requirements, importance of following established procedures and regulations, and any local flying hazards.

Additional Information

Additional information can be found in CAPR 60-1 as well as current mission scanner and observer training materials.

Evaluation Preparation

Setup: Provide a taxi, fueling, and ground operations plan to the trainee. Current and forecast weather conditions should be provided to the trainee.

Briefing the Trainee: Brief the trainee on the plans listed, weather, and provide answers to any questions for additional information that might be necessary for the aircrew safety briefing.

Evaluation

Performance measures

Results

1. Develop an aircrew safety briefing for this mission.

P F

Student must receive a pass on all performance measures to qualify in this task. If the individual fails any measure, show what was done wrong and how to do it correctly.
